PERABOLA ASSEMBLY

Tucana Jellydome is a beautifully crafted architectural pendant light. It is ideal for cafeteria, restaurants, Libraries, offices, reception area and premium residences. Each and every Jellydome is made from superior quality Aluminium alloy and is "handspun" by an expert craftsman. It instantly grabs the attention of those who have a high regard for design and material quality. From technology point-of-view, the Jellydome has a patented design for its unique LED module placement and assembly. The unique design effortlessly dissipates all excess heat towards the outer shell. Jellydome has been coated with superior quality silicone-polyster Hi-gloss coating systems, which is baked at 270°. A 15W Jellydome gives upto 2 times more light output than a regular pendant light with a 15W LED bulb.
